**Ingredients:** (Makes about 2 quarts)

About 2 quarts Simply Lemonade – see Note 1  
1 cup chopped frozen strawberries  
1 cup strawberry Vodka

### Preparation:

Mix all ingredients and let stand in the refrigerator for about ½ hour to let the flavors blend. Pour over ice and enjoy!

Note 1 – Simply Lemonade comes in a 1.5 liter/1.8 quart/59 oz container and I use 1 container.

Note 2 - You can add more or less strawberry vodka depending upon how long you need to be able to stand upright!
